

HOW DOES A CITY RESPOND TO QUARANTINE?

*BASED ON THEIR SURVEILLANCE REPORTS, THE CDC HAS IDENTIFIED A CITY TO BE QUARANTINED.

1 SHUT DOWN PUBLIC PLACES

ALRIGHT TEAM, WE'VE GOT OUR ORDERS, WE HAVE TO LOCKDOWN THE CITY. WE HAVE 5 DAYS TO DO IT.

INCIDENT MANAGER

2 RESTRICT MASS TRANSIT

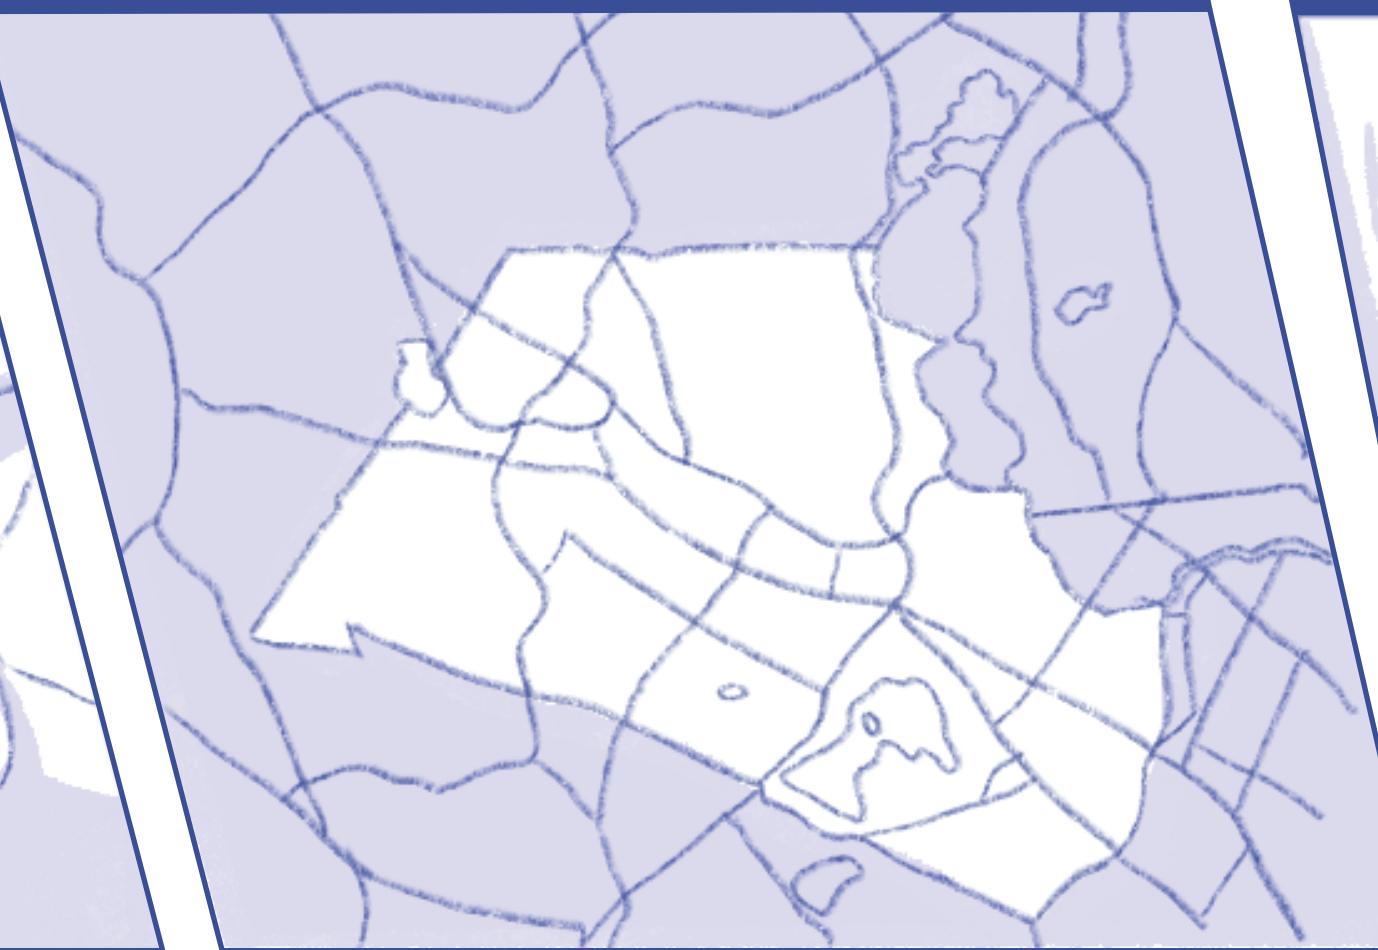

3 ENCOURAGE BUSINESSES TO CLOSE...

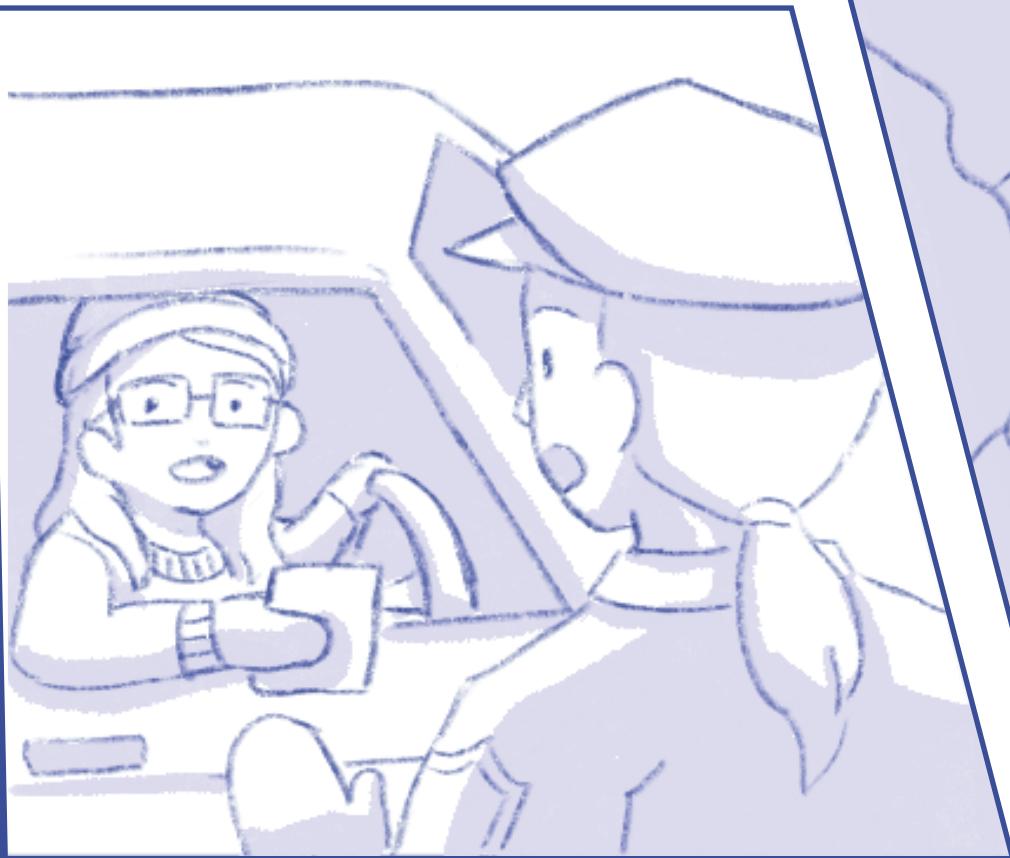

...AND EMPLOYEES TO STAY HOME

5 ENFORCE A QUARANTINE

4 CREATE CHECKPOINTS, CURFEWS, TRAVEL PERMITS, AND ISSUE HEALTH CERTIFICATES

6 KEEP THE PUBLIC UPDATED VIA TEXT, CABLE TELEVISION, RADIO, AND DOOR-TO-DOOR

*IT IS VERY UNLIKELY THIS WOULD HAPPEN IN AMERICA; U.S. POLICIES ACTUALLY ACT AGAINST ENACTING LOCATION-BASED MASS QUARANTINES.

DAY, T., PARK, A., MADRAS, N., GUMEL, A., & WU, J. (2006). WHEN IS QUARANTINE A USEFUL CONTROL STRATEGY FOR EMERGING INFECTIOUS DISEASES? AMERICAN JOURNAL OF EPIDEMIOLOGY, 163(5), 479--485. DOI: 10.1093/aje/kwj056
